

Midstates Housemovers Association

This letter is being sent to all Canadian members and prospective members.

The bank we are currently doing business with has a fee of \$50 to handle all checks that come from Canada, including Canadian US funded checking accounts. They have explained to us that the fee is to handle the exchange rate and their personnel to do the paperwork,

The Board of Directors has set a policy that we will accept checks from US banks only. To attend you will need to send a certified bank check, a check that is written from a US funded account, pay in cash when you arrive or pay by credit card. In paying cash, please send in your registration ahead of time so we will know you are coming and just note that you intend to pay cash. In paying by credit card, there should be a credit card payment information sheet with your invitation packet.

We regret this inconvenience and hope it won't discourage you from attending our convention. We truly enjoy having you attend and it wouldn't be the same without you.

Thank you.

Sue Morrow, secretary

Midstates Housemovers Association
